

Yolo County Library Foundation Policy on Records Retention and Destruction

The Yolo County Library Foundation (“Foundation”) will maintain records necessary for legal, financial and operational purposes, while minimizing office file and storage space requirements.

To achieve these objectives, the Records Retention Schedule attached to this Policy is hereby adopted along with the following guidelines:

- Retention Period begins with the last day of the year in which the record is dated.
- Records may be discarded or destroyed at any time following the Retention Period. The manner of discard or destruction will be determined with respect to individual privacy and corporate integrity.
- Notwithstanding the scheduled retention years, documents may be retained for longer periods at the discretion of the Foundation’s CEO or COO.
- In the event the Foundation receives notice of pending or actual litigation or government investigation or if it appears reasonably foreseeable that such litigation or investigation may occur, the related records will be retained indefinitely.

Retention / Destruction of E-mail Documents

Work related e-mail is a Foundation record and must be treated as such. It is the responsibility of the Foundation sender of the email message from the Foundation and the Foundation recipient of messages from outside the Community Foundation to manage email messages according to the Community Foundation’s records retention policy. E-mail that does not meet the definition of a Foundation record (i.e., personal e-mail or junk e-mail) should be deleted from the system right away.

Electronic Records

This policy applies to all electronic records. The Board of Directors and/or staff should determine whether a document should be held in paper or electronic format, if it exists in both.

Either the paper version should be destroyed and the electronic version maintained for the time requirements of this policy, or the electronic version deleted and the paper version maintained for the time requirements of this policy. Duplication of records in both electronic and paper format is unnecessary and cumbersome. If a member of the Board of Directors and/or an employee has performed Foundation-related work on his or her home computer, laptop or other device any records or documents should be transferred at the earliest possible time to a Foundation-owned computer and deleted from the personal device. This ensures that the document will be maintained under this policy.

Files of daily operations on the Foundation's computer network will be replicated or "backed up" weekly with back up tapes stored off-site in the interims.

Date of Adoption: _____

Board Secretary _____

Records Retention Schedule

Category of File	Item	Retention Period (Legal Purposes)	Retention Period (Business Purposes)
